2017 GMC TERRAIN DENALI Vehicle Description

Discover the 2017 GMC Terrain Denali, a stylish used SUV that combines luxury, functionality, and advanced technology. Finished in the elegant White Frost Tricoat, this vehicle offers a smooth driving experience with 65145 miles on the odometer. Powered by a 2.4-liter four-cylinder engine with 182 horsepower and 172 torque, it delivers efficient performance with 21 mpg in the city and 31 mpg on the highway. The automatic transmission and front-wheel-drive setup ensure seamless handling, making it a versatile choice for daily commutes and weekend getaways. The Terrain Denali features a spacious interior with seating for five and four doors, making it perfect for families or those needing extra cargo space. Its suite of comfort features includes heated seats, memory seats, keyless entry, and Bluetooth connectivity, ensuring a convenient and enjoyable ride. Additional amenities such as a backup camera, blind spot monitor, collision warning, cross traffic alert, satellite radio readiness, and a WiFi hotspot keep you connected and safe on the road. This used GMC Terrain Denali combines style, safety, and smart technology, offering exceptional value for those seeking a reliable and feature-rich SUV.

The 2017 GMC TERRAIN Safety and Security Features

This SUV is equipped with essential safety features including rear parking sensors that assist in tight spaces, four-wheel anti-lock brakes for improved control, anti-lockout power door locks to prevent accidental locking, and auto-locking door locks for added security. These features work together to ensure driver confidence and passenger safety, making the Terrain Denali a secure choice for everyday driving.

2017 GMC TERRAIN Entertainment and Technology Features

The Terrain Denali boasts a premium Pioneer audio system with a 7-inch touch screen display that serves as the central infotainment hub. It includes a voice-operated radio and internet radio app Pandora, providing a wide range of entertainment options. With seven total speakers and a dedicated subwoofer delivering 250 watts, the sound quality is rich and immersive. The vehicle also offers electronic messaging assistance with voice operation and read functions, keeping you connected safely while on the move.
