2011 FORD F-150 SUPER CAB Vehicle Description

Looking for a dependable pickup that combines strength with practicality? This 2011 Ford F-150 Super Cab offers a compelling blend of performance and utility, perfect for work or weekend adventures. With just over 92,000 miles, this used truck remains a solid choice for those seeking a versatile vehicle that can handle a variety of tasks. Its classic White Platinum Metallic Tri-Coat exterior commands attention while providing durability and ease of maintenance. Powered by a 3.7-liter V6 engine producing 302 horsepower and 278 lb-ft of torque, it delivers confident acceleration and reliable towing capacity. The automatic transmission and rear-wheel drive layout ensure smooth handling and good control on the road, making this F-150 a dependable partner for daily driving or heavy-duty jobs.

This Ford F-150's spacious Super Cab configuration comfortably seats six, making it ideal for families or work crews. Its flexible Flex Fuel capability allows the use of alternative fuels, adding to its versatility. The truck's robust build, combined with a well-maintained condition, promises longevity and performance. Whether you need a workhorse for construction, hauling, or simply a reliable vehicle for daily errands, this used F-150 is a smart investment. Its combination of power, space, and classic styling makes it a standout choice in the pickup market.

2011 FORD F-150 Safety and Security Features

This used Ford F-150 is equipped with 4-wheel ABS, enhancing safety by preventing wheel lockup during hard braking. ABS helps maintain steering control, especially on slippery or uneven surfaces, adding peace of mind for the driver. The vehicle's safety features are designed to support secure driving conditions, making it a reliable choice for both work and personal use.
