2018 TOYOTA TACOMA DOUBLE CAB Vehicle Description

Looking for a dependable used pickup that combines rugged capability with modern tech? This 2018 Toyota Tacoma Double Cab offers a compelling mix of performance, safety, and convenience features. With just under 97,000 miles, this Black exterior truck is powered by a 3.5-liter V6 engine delivering 278 horsepower and 265 lb-ft of torque, paired with an automatic transmission and a 4WD system that's ready for any terrain. It's equipped with advanced features like adaptive cruise control, a backup camera, Bluetooth connectivity, collision warning, and a tow package, making it an ideal choice for both work and adventure.

This used Toyota Tacoma stands out with its practical design and safety-focused features. The vehicle includes dual front knee airbags and active head restraints, ensuring safety in case of a collision. Its 4-wheel ABS provides optimal braking control in various driving conditions, enhancing security on the road. The Tacoma's combination of powertrain and safety features makes it a versatile and reliable option for those seeking a durable pickup with modern amenities.

2018 TOYOTA TACOMA Safety and Security Features

This Tacoma is equipped with dual front knee airbags and active head restraints to protect occupants in the event of a collision. Additionally, it features 4-wheel ABS to maintain braking stability and control, enhancing overall safety during emergency stops or challenging road conditions.

2018 TOYOTA TACOMA Entertainment and Technology Features

Inside, the Tacoma offers a range of technology features designed for convenience and connectivity. It includes voice-operated hands-free phone call integration and a voice-operated radio system, along with a touchscreen display for easy access to entertainment options. The vehicle also provides electronic messaging assistance with a read function and voice control, plus six speakers for quality sound. An auxiliary USB input allows for seamless connection of personal devices, making every drive more enjoyable.

2018 TOYOTA TACOMA Performance Features

Under the hood, this Tacoma features an electronic hi-lo 4WD selector, giving drivers control over their drive mode. It operates with a part-time 4WD system, ensuring optimal traction whether on or off-road. These performance features combine to provide a capable, dependable ride suited for a wide range of driving needs.
