2022 FORD MUSTANG MACH-E PREMIUM Vehicle Description

Discover the 2022 Ford Mustang Mach-E Premium, a used electric SUV that combines cutting-edge technology with exhilarating performance. With only 24,525 miles, this Black exterior beauty delivers a dynamic driving experience while offering advanced features like adaptive cruise control, Apple CarPlay, a backup camera, blind spot monitor, Bluetooth, collision warning, cross traffic alert, and a hands-free liftgate. Inside, you'll find heated seats, keyless entry, memory seats, navigation, parking sensors and assist, a premium audio system, push start, satellite radio readiness, a sunroof/moonroof, WiFi hotspot, and wireless phone charging—all designed to keep you connected and comfortable on every journey. This vehicle's automatic transmission and all-wheel drive ensure smooth handling, making it a compelling choice for those seeking a versatile, high-tech electric SUV.

The 2022 Ford Mustang Mach-E Premium stands out with its powerful electric motor, offering up to 266 horsepower and 428 max torque for swift acceleration. Its impressive range of 210 miles per charge, extendable to 224 miles, makes it ideal for daily commutes and weekend adventures. The vehicle features DC fast charging, allowing for quicker top-ups, and is equipped with a lithium-ion battery and regenerative braking system to optimize energy efficiency. Charging at 240V takes approximately 14.1 hours, providing convenience for overnight or scheduled charging. The on-demand all-wheel-drive system ensures traction and stability across various road conditions, delivering confident handling with each drive.

2022 FORD MUSTANG MACH-E Safety and Security Features

This Mustang Mach-E is equipped with essential safety features including automatic emergency braking at the rear and at intersections or junctions, helping prevent collisions before they occur. Traffic sign recognition assists with adaptive speed limiting, keeping you aware of road signs and maintaining safe speeds. The vehicle also includes knee airbags for the driver, front parking sensors, and rear parking sensors to aid in maneuvering tight spaces. Its regenerative braking system helps recover energy during deceleration, while 4-wheel ABS ensures optimal stopping power. For added security, interior motion sensors and anti-tow systems protect against theft, providing peace of mind when parked.

2022 FORD MUSTANG MACH-E Entertainment and Technology Features

Inside, the Mustang Mach-E Premium boasts a 15.5-inch infotainment touchscreen, providing quick access to navigation, media, and vehicle settings. FordPass Connect app compatibility allows you to control and monitor your vehicle remotely, with smart device app features turning your phone into a key. Hands-free voice operation handles calls and radio control, making driving safer and more convenient. The premium sound system includes nine speakers with a total of 560 watts and a dedicated subwoofer, delivering rich audio quality. Real-time traffic data ensures you stay informed on your routes, enhancing navigation precision and overall driving experience.

2022 FORD MUSTANG MACH-E Performance Features

This used Mustang Mach-E offers impressive performance with an electric motor capable of delivering 210 miles per charge initially, extended to 224 miles with optimized conditions. DC fast charging capability lets you recharge the battery quickly, minimizing downtime. The lithium-ion battery provides reliable power, while the on-demand all-wheel-drive system enhances traction and stability across various terrains. Charging at 240V takes approximately 14.1 hours, making overnight or scheduled charging practical. The combination of electric powertrain efficiency and advanced drive systems makes this SUV a compelling choice for those seeking an eco-friendly yet sporty ride.
